

## NANA LURE 48 LAMP

The third and most recent addition to the Lure Collection, Nana combines realism with fantastical abstraction to bring a botanical illustration to life. Nana's distinctive banana frond is an enlivened specimen hand-sculpted into a single giant cast cotton painted leaf. The leaf acts as a natural shade and is illuminated to become a standing or suspended light.

In the romantic spirit of botanical drawings, the Nana Lure lamp offers an imaginative depiction of a weathered and true banana leaf that exists in the tropical world.
